Small Workshops

5 – 7 MARCH 2024

From the 5 – 7 March, dynamic-thinking businesses are invited to Weinig UK's Abingdon-based showroom to explore compact automation at its best and to be introduced to simple and cost-effective solutions that make technology and automation a viable solution for all – even when facing a skills gap.

With tailored machinery demonstrations taking place throughout the event, this is your opportunity to see how easy it is to take your production processes to the next level.

SHOW BENEFITS

- Watch live machinery demonstrations
- Meet the experts
- Experience the latest innovations
- Enhance your manufacturing processes
- Grow your industry knowledge
- Connect with industry
